This *full-day workshop* is for you if you are seeking employment or are considering new employment, as well as for anyone currently employed who wants to learn how to secure their career and enhance their professional and promotional options. Career Expert and Job Search Mechanic *Rick Gillis* will teach you how to speak to and present your value to an organization. Rick will teach you how to compete!

### This Career Management Workshop is for:

- Job seekers
- New and recent graduates
- Those seeking promotion / advancement
- Those seeking to keep their job
- Those who work on a contract basis
- Those who may be seeking start-up funding or business investment
- Anyone who might want to share or teach this information themselves

### You will learn how to:

- Write the most powerful, attention-grabbing resume ever
- Sell yourself to a potential employer—even if you are not a salesperson
- Create a professional and personal achievements inventory
- Master resume-filtering software—the 'black hole' of job search
- Master the job search social media that matters
- Minimize discrimination issues of any kind—especially age
- Gain job search confidence

*Rick Gillis* will also be speaking at the Greater New Orleans and Baton Rouge Chapter meetings while he is in our state!
